

*»The need for digitalization  
cannot be emphasized enough.  
And with proCONTRACTS,  
we are at the forefront of the  
industry.«*

Philip Stern // HEINEKEN

proCONTRACTS integrates seamlessly into existing corporate infrastructures. Based on the Microsoft Power Platform, Microsoft applications such as Outlook, Teams, Power BI, and Dynamics 365 can be seamlessly integrated. For other systems, either Power Platform connectors or integration tools can be used, depending on the use case. Companies such as HEINEKEN, HEMPEL, EMS ELECTRO MEDICAL SYSTEMS, TASCHEN VERLAG, DVGW Deutscher Verband der Gas- und Wasserwirtschaft (German Association of Gas and Water Industries) and many more rely on proCONTRACTS.

## YOUR POWERFUL CONTRACT LIFECYCLE MANAGEMENT

### **proCONTRACTS X**

With the latest release of proCONTRACTS X — available since July — we have not only added optimizations and additional functionalities but also focused on optimal user support for efficient contract management and early risk detection, as well as the support for strategic decisions. In this way, proCONTRACTS contributes to minimizing risks and increasing the value creation and profitability of companies.

**ONE SOLUTION  
REGARDLESS OF  
INDUSTRY OR  
PLATFORM**

## **USER-FRIENDLY AND SCALABLE**

proCONTRACTS is a powerful, user-friendly contract lifecycle management software that can be customized to meet individual requirements for medium-sized and large companies. With proCONTRACTS, you can digitize all contract processes for customer, supplier, and partner contracts.

## **AI-POWERED IN ALL PROCESSES**

proCONTRACTS is used by companies of all sizes in a wide range of use cases and industries. With template-based contract creation and the option of contract negotiation, mapping of approval processes, contract analysis, esignature, extensive evaluation options and the management of contract termination or contract renewal, proCONTRACTS supports all phases of the contract lifecycle.

With industry-specific add-on modules such as  
**proCONTRACTS Beverage**

**proCONTRACTS Energy**

**proCONTRACTS Real Estate**

we offer users a solution tailored precisely to their needs, ensuring maximum utilization and high user acceptance. In addition, the proCONTRACTS AI add-on module supports automated import and AI-based analysis or comparison of contract documents.
